Introducing Mohamed Munkunda

We are all, both in Tabora and in the UK, very pleased to introduce Mohamed Munkunda as the Chairperson of the Board of TLC Directors in Tanzania. He has already been visiting Centres and attending some staff meetings and involving himself and other Board members in working with senior staff to develop all aspects of our work in Tabora.

Eid was celebrated with a delicious beef lunch and gifts for all the centres of educational aids and home clothes for those in special need. The funding for all this was arranged by Anisa, a young London Muslim. The children send their love and thanks to Anisa, Anna, and all who donated so generously.

Our **very grateful thanks to all our donors and sponsors** for keeping TLC going, keeping children well fed and knowing that they can attend school and maybe even college or university. Please continue to help TLC if you can and bring in others who will assure these smiling but desperately poor and vulnerable children that they will have a good future. The UK funding part of TLC operates at nil costs. No expenses are paid. Trips to Tabora are self-funded by the visitors.

Fundraising ventures: Please sponsor our Virtual London Marathon runner/walkers

Dave has been a Trustee of TLC for over 10 years and is training hard to be able to complete his first marathon. Bo, his dog, is always with him during training sessions. Dave's fundraising page link:

Braving the unhealthy hazards of the southern coastal waters of England

Andrew, one of our sponsors, has been in Tabora and met so many of the children. He is pictured, left, in training to take on the turbulent waters of the English Channel. He bravely completed his sponsored swim and TLC received a princely sum for all his efforts and courage.

Thank you Andrew.

Sponsors letters. Sponsors can write to their sponsored children at least once a year and replies are sent back to them, often as drawings by those who haven't yet mastered writing, especially in English. The children love getting sponsor letters which are translated for them by staff and older children.

Primary school Standard 7 Graduates 2021.

Well done to all 15 of them.

14 of them plan to go on to secondary school, one will start a sewing apprenticeship.

Before starting secondary school the students will undertake a course in English to prepare them for having all their lessons taught in English.

Secondary Students below

Some of TLC's secondary students from Ngambo and Chem Chem met with Emmanuel (centre in a white shirt, one of TLC's new part time teachers) in the June holidays for some extra English teaching. A good grasp of English is vital to their academic progress as all lessons are conducted in English. The Isevy students also got extra help from their teacher, Amina.

Diplomas – starting and graduating

Shela is soon off to Arusha Technical College to start a Diploma course in electrical engineering.

Iddy graduates as a Tourist Guide

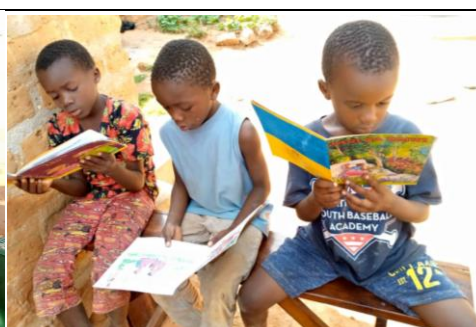

Adrian graduates as a Pharmacy Technician.

A freshly cooked **nutritious lunch is prepared daily** by our cooks with the help of older children.

Lads helping in the kitchen, on the left a Form1 student, dishing up for one our apprentices, on the right stirring the ugali is a Form 4 graduate who is hoping to start a one-year vocational course to study Security and CCTV installation.

Its great to be able **to read and write** and have the materials and time to do it.
